Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Pursuant to 37 C.F.R. 1.182, the undersigned respectfully requests that a replacement ribboned copy of Letters Patent 6,807,041 be prepared and mailed to the Applicants' representative at the address below.

The offices of Nixon Peabody LLP relocated in late August and early September 2003 from 8180 Greensboro Drive, Suite 800, McLean, VA 22102 to the new address below in Washington D.C. It was during that time that the above identified patent issued. However, having confirmed with the USPTO that the U.S. Patent 6,807,041 ('041) was mailed to the proper NIXON PEABODY LLP address, we have performed a thorough search of our files in an attempt to locate the original Letters Patent for the '041 patent, but have not been able to locate the document.

The Commissioner is hereby authorized to charge any fees which may be required, or credit any overpayment, associated with this request to Deposit Account No. 19-2380.

Your prompt and favorable consideration of this Petition is greatly appreciated along with issuance of the requested replacement ribboned patent copy.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "D. S. Safran", is written over a horizontal line.
